I spoke with Paul Roning, BRC. He will check to see if the contract has been sent yet. He has most of the submittals complete, except for manpower and scheduling. He said they were somewhat dependent on how much work was required (and that depends on how much Sesko does). He said he would submit everything, with the schedule being very brief.

He thinks it would be best to wait until next week to do the walkthrough of the property. Originally he was going to do it this Wednesday, but now he believes that Wednesday, Dec 12 would be better.

I will call him again on Wednesday.

Ken.
